

HONDA
The Power of Dreams

DRIVE EPIC

www.hondacarindia.com

BS6

CIVIC

46 YEARS.
10 GENERATIONS.
ONE ICON.

It's a legacy unmatched by any other. One that has captured hearts for decades. And proven its mettle time and again.
The highest-selling Honda car globally, and now it's here. Bolder. Sharper. Sleeker than ever, it's the most epic ride in town.
The all new Honda Civic. Drive epic.

ARRIVE IN STYLE.

It's bold. It's aggressive. It's a complete head turner. With sharp body lines throughout, the new Civic is designed to grab attention. So, you won't just go places. You'll make an entrance.

SIGNATURE WING CHROME GRILLE

Honda's signature wing type Chrome Grille with sharp cuts give the new Civic a style of its own.

LED HEADLAMPS with DRLs

LED Daytime Running Lights enhance visibility during the day while LED Headlights light up the way at night.

LED FOG LIGHTS (11" IN SEGMENT*)

On days with low visibility, switch on the LED Fog Lights to help light your way.

LED TAIL LAMPS

Imaginative boomerang-shaped signature Tail Lights leave a stylish impression as you drive ahead.

R17 DIAMOND CUT ALLOY WHEELS (1" IN SEGMENT*)

The big and stylish new 17-inch Diamond Cut Alloy wheels ensure you look sharp at every turn.

ELECTRIC SUNROOF

Open the Electric Sunroof at the touch of a button as you cruise along in the new Civic.

The stunning rear of the Civic derives its design from the name itself. The boomerang-shaped LED tail lights depict the letter 'C' – the first and last letters of the name.

LOOK SHARP. DRIVE SHARPER.

A coupe-like silhouette. A sporty stance. And a solid, sculpted body.
The Civic glides through effortlessly and is a unique presence on the road.

A wide-angle photograph of the front interior of a car. The view is from the passenger side looking towards the driver's seat. The front seats are upholstered in a light tan or beige leather with visible stitching. The dashboard and center console are black. The steering wheel is black with a silver Honda emblem in the center. A digital display screen is visible in the center of the dashboard. The car's door is open on the right side, showing the interior door panel which matches the tan leather. The background shows a glimpse of the exterior, which appears to be a red car parked in a lot.

PERFECTION INSIDE.

Open the door and step into a world where sophistication meets comfort. With one of the most spacious cabins in its class, the Civic offers all the luxury you'd want in a car, and more. So, relax and enjoy the drive.

DRIVER'S DELIGHT.

Elegant design. An expansive front view. And a cockpit-like feel.
It's a beautiful combination of functionality and grace, with comfort
and convenience at your fingertips.

17.7 cm ADVANCED TOUCHSCREEN AUDIO

Enjoy the familiar look of your smartphone on the advanced 17.7 cm touchscreen audio which is Apple CarPlay™ and Android Auto™ compatible.

APPLE CARPLAY

ANDROID AUTO

17.7 cm DIGITAL TFT METER

A digital colour screen behind the steering wheel displays what's playing, who's calling, and almost everything else you need to know without letting go of the steering wheel.

CALL FUNCTION

MUSIC DISPLAY

CENTRE CONSOLE

With long armrests and ample storage space, the centre console strikes a perfect balance between luxury and utility.

MULTI-FUNCTION STEERING WHEEL

Take full charge with the touch of a finger be it Audio, Voice Command, Cruise Control or Paddle Shift.

DUAL ZONE AIR CONDITIONING SYSTEM

Dual Zone Air Conditioning allows both driver and passenger to adjust the temperature to their individual preference.

PUSH START BUTTON

Bring your Civic to life with a touch of the Push Start Button.

REMOTE ENGINE STARTER PETROL ONLY (1ST IN SEGMENT*)

Activate the engine and cool your car from afar. The Remote Engine Start ensures your Civic is comfortably cool even before you step inside.

8-WAY POWER DRIVER SEAT

Fine tune your seating position for a driving experience that's tailored to you.

AUTO DIMMING REAR VIEW MIRROR

Sensors detect when the headlight glare from cars behind you could affect your vision and automatically dim the rear view mirror.

STYLISH

PETROL ENGINE WITH CVT

Experience Honda's signature Continuously Variable Transmission (CVT) with the i-VTEC Petrol Powertrain. By reducing friction, it optimises the joy of driving while maximising fuel efficiency.

Class-leading Mileage: 16.5 km/l

DIESEL ENGINE WITH 6-SPEED MT

With a refined i-DTEC diesel engine, the Civic delivers an exhilarating performance from an agile and light weight engine. Due to reduced frictional resistance between components, fuel efficiency is maximised. It is paired with a 6-speed manual transmission that gives a smooth shift feel and quietness through a dual mass flywheel.

Class-leading Mileage: 23.9 km/l

BUILT ON POWER.

A powerful new engine at its heart. And an adrenaline rush like never before. Every ride is an exhilarating experience with Honda's latest technology in Petrol and Diesel variants.

ECON BUTTON

Push the ECON button and the car will automatically adjust several systems to save fuel for you.

ECO ASSIST

Keep an eye on fuel consumption through a colour-changing display which indicates the efficiency of your drive.

DRIVE SAFE.

We are committed to keeping you safe. Which is why there's a great deal of clever engineering at work in the new Civic. When it's about safety, limits are set, pushed, and broken. And then, they're set again. There are no compromises. So, you drive with total confidence.

LANE-WATCH (11" IN SEGMENT*)

When you signal left, a small camera on the mirror will transmit the video feed to the central screen revealing nearly four times more than the passenger-side mirror alone. This keeps you aware of your surroundings and eliminates blind spots while driving.

6 AIRBAGS

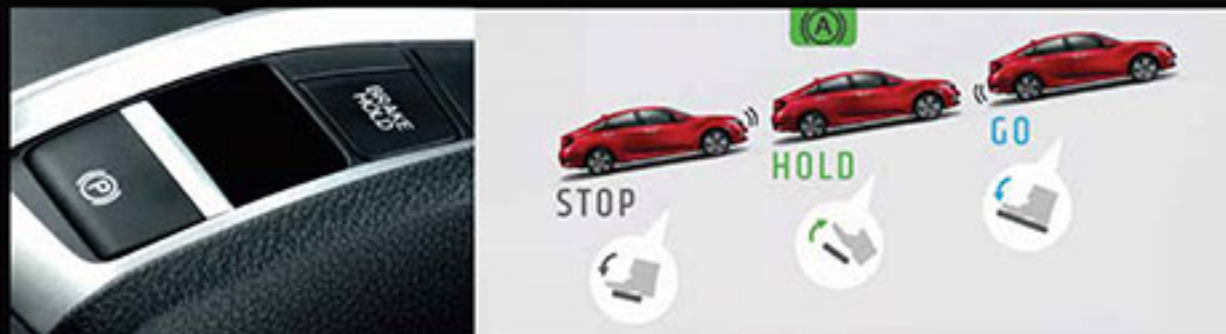

Dual front, SRS airbags, side airbags and side curtain airbags assure complete protection for every passenger.

5-STAR ASEAN NCAP RATING*

Honda believes in safety for everyone. Civic has achieved an ASEAN NCAP 5-star* rating through enhanced collision safety performance.

ELECTRIC PARKING BRAKE (EPB) with AUTO BRAKE HOLD (ABH) (1st IN SEGMENT*)

The Electric Parking Brake takes the place of a conventional hand brake to keep your car stationary with the push of a button.

ACE™ BODY STRUCTURE

Honda's patented safety technology that absorbs impact and diffuses G-forces generated during a collision to minimise injury to passengers.

EMERGENCY STOP SIGNAL (ESS)

In the event of sudden stops, the hazard lights automatically flash to alert other drivers.

POP-UP HOOD (DIESEL ONLY)

It helps reduce possible head injuries of pedestrians, in case they experience a frontal impact with the vehicle.

VEHICLE STABILITY ASSIST (VSA)

To prevent loss of control around tight corners, the VSA system stabilises the car by reducing understeer or oversteer.

AGILE HANDLING ASSIST (AHA) (1st IN SEGMENT*)

Applies brake pressure to individual wheels, improving cornering ability and reducing the need for corrective steering.

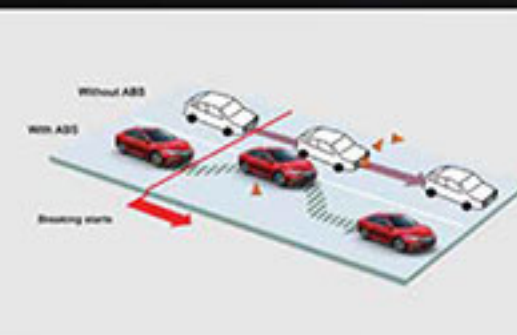

HILL START ASSIST (HSA)

Prevents the Civic from rolling backwards when you release your brakes on a hill or any inclined plane.

REAR SEAT ISO FIX

Secure your child's car seat to inbuilt ISO Fix points in the back seat and ensure maximum safety for them.

ABS with EBD and BRAKE ASSIST

This feature prevents the car from skidding even when you brake hard.

MULTI-ANGLE REARVIEW CAMERA

A choice of three views gives you a full picture of objects behind you as you reverse your Civic in cramped parking spaces.

*ASEAN NCAP 5 Star rating has been received for Civic manufactured & tested in Thailand.

SOPHISTICATED

SPACIOUS CABIN

REAR AC VENTS

EASE UP. UNWIND.

In line with Honda's Man Maximum Machine Minimum philosophy, the Civic has plenty of room to stretch your legs no matter which seat you are in. Ample cabin space, comfortable leather seats, and rear AC vents – it has all you need to experience the ultimate in comfort.

CHOOSE YOUR CIVIC.
